

### REMARKS

In this amendment, Applicants are amending dependent Claims 4-7, 13 and 18-19 to depend on elected Claim 1.

Applicants are canceling Claim 3, without prejudice or disclaimer

Applicants are also adding new Claims 20-25 herewith. As mentioned *supra*, new Claims 20-25 are believed to read on elected Group I and read on elected Group IC and should be examined in this application with the other elected claims.

Further, new Claim 20 recites the feature of “a third layer including a transparent conductive film comprising metal.”

It is believed that independent Claim 20 is generic to Claims 1-19 and 21-25. Therefore, when Claim 20 is allowed, all the other claims should also be allowed.

If any fee should be due for these new claims, please charge our deposit account 50/1039.

### Information Disclosure Statement

Applicants are submitting an information disclosure statement (IDS) herewith. It is respectfully requested that this IDS be entered and considered prior to the issuance of any further action on this application.

### Conclusion

If any fee should be due for this amendment, election, and/or new claims, please charge our deposit account 50/1039.

Favorable consideration is earnestly solicited.
